Emergency Calls

Call or Dial the Operator and say:

"I Want to Report a Fire"

"I Want a Policeman"

"I Want an Ambulance"

Then tell operator where help is needed—giving the telephone number, street address and the town or community you are calling from. The *quickest* way to report a fire or to call the police by telephone is to dial or call the fire or police emergency number *direct* and the spaces below are provided for entering these numbers.

My Fire Call is _____ My Police Call is _____

Service and Assistance Calls

From DIAL telephones From MANUAL telephones

INFORMATION-For numbers not in directory DIAL 113.....Ask for "INFORMATION"

REPAIR SERVICE-If telephone is out of order* DIAL 114.....Ask for "REPAIR SERVICE"

ASSISTANCE-In completing a call..... DIAL OPERATOR..Ask for "CHIEF OPERATOR"

*At night or on Sundays and holidays, if immediate restoration is necessary, please make that fact known.

Out-of-Town Calls

From DIAL telephones

From MANUAL telephones

STATION-to-STATION.....DIAL OPERATOR.....Give call to "OPERATOR"
When you will talk with *anyone*

PERSON-to-PERSON.....DIAL OPERATOR.....Ask for "LONG DISTANCE"
When you want a *particular* person

† (For additional information and rates, see pages 3, 4 and 5)

To Transact Business with the Company

If you wish your service changed or your telephone moved, or if you have any questions about contracts, bills, or directory listings, call or visit the Business Office. If you write the Company, please give your telephone number. The Business Office is open from 8 a. m. to 5 p. m. (8 a. m. to 12 noon Saturdays). For the convenience of customers, bills may be paid at any business office of the Company.

To call the Business Office, please refer to the local listing of The Southern New England Telephone Company.

P. J. RANNEY, Manager

Windsor Locks and Thompsonville Exchanges

20 Spring St., Windsor Locks

Telephone: Windsor Locks 291

Information About the Directory

Additional Listings

Every subscriber is listed once in the alphabetical section of the directory without charge. Additional listings may be arranged for at an additional charge, according to the kind of listing wanted.

Directory Errors

Every effort is made to have directory listings absolutely correct, but the Company cannot assume any liability for errors resulting from inadvertence or negligence. However, if an error occurs in a listing for which there is normally a charge, proper adjustment will be made. Please check your listing and call the Business Office if there has been any mistake, so that we may correct it in the next directory and protect your service in the meantime.

The Yellow Pages

In the Yellow Pages, every business subscriber is listed once, free of charge, under alphabetically arranged headings that describe his business or the commodity he sells. The Yellow Pages are thus a complete buyers' guide. To know "Where to Buy It," simply look under the classified headings to find the dealers who sell what you want.

Subscribers may buy additional or special listings under different headings or space for display advertising.

If You Need Other Directories

If you need additional copies of this directory, call the Business Office, which can also furnish directories of other Connecticut cities. A nominal charge is made for other companies' directories.

Other Service Information

Bills for Service

Bills are rendered monthly and are payable upon receipt. If you pay your bill in person please bring the whole bill with you. If you pay by mail, enclose only the bill stub with your remittance.

Replace the Receiver

Always restore the receiver to its proper place when you have finished talking. If the receiver is left off, others will not be able to reach you, and you may lose important calls. Also, you may experience delay when you want to call later.

If you answer at a main telephone and conversation is held at an extension, or vice-versa, replace one telephone as soon as conversation starts at the other.

Party Line Service

Since party line subscribers share their line equally with the other subscribers on it, conversations should be limited to five minutes duration. If the line is in use when you wish to call, hang up at once and wait for those using the line to finish.

Attachments to Telephones

For reasons which are wholly in the interest of good service, we cannot permit the attachment of miscellaneous devices to your telephone equipment. Some may put your telephone out of order, others make it difficult for people to hear you. We are prepared to furnish apparatus to meet special conditions.

Equipment for the Hard of Hearing

Equipment amplifying the volume of sound, usually enabling the hard-of-hearing to hear with ease, is offered for attachment to telephones. For information about this service, call the Business Office.

How You May Identify Our Employees

Telephone installers and repairmen all wear badges bearing the Company's name. Permit access only to those able to furnish this identification.

Advertising Telephone Numbers

Many people find it helpful to print their telephone numbers on stationery or in advertising. Printing in small quantities will prevent loss if, as occasionally happens, the needs of the service require a change in your telephone number. If a change is made, prompt revision of letterheads, business cards, truck signs, etc., is desirable.

Teletypewriter Service

The teletypewriter transmits the written word instantaneously, just as the telephone transmits the spoken word. For information about this service, call the Business Office.

Telegrams by Telephone

To send a telegram, cablegram or radiogram, see the directory listings of the telegraph companies. Charges will appear on your bill, unless you use a public pay station where charges are deposited in the coin box.

How to Use Your Telephone

Be Sure You Have the Right Number

If the number you wish to call isn't in this directory, ask Information for it (dial 113 from dial telephones).

Wait for the Ringing or Busy Signal

After you have placed or dialed your call, if you hear a quick buzz-buzz-buzz, that's the *busy signal*, meaning that the line you are calling is in use. Hang up and try again later.

If you hear a bur-r-r-ring sound, then a stop, then another bur-r-r, you'll know the bell at the telephone you are calling is being rung. Wait a reasonable time for an answer before hanging up.

Where the signals are not provided, the operator will tell you either, "The line is busy" or "They do not answer."

Replace Your Receiver

After making a call, replace your receiver and wait a few seconds before making another.

Attracting the Operator's Attention

To attract the operator's attention while she is working on your call, move your receiver hook up and down *slowly*.

Calling Party Line Numbers

When you see a number listed in the directory like this: 1234-2, please say to the operator "one two, three four, ring two." If the number ends with a letter, as for example 367-W, please say, "three, six seven, W." If the number ends with a letter and a number such as 1234-J2, please say to the operator "one two, three four, J two."

Using the Dial Telephone

Before You Dial—Listen

Take your receiver off the hook and listen for the *dial tone*—a steady hum-m-m-m. If you don't hear it in a second or two, hang up for a moment, then try again.

How to Dial

Suppose you want to call 291. Put your finger over the "2" on the dial and pull the dial around until your finger hits the finger stop. Let go while the dial spins all the way back, then do the same with the numbers 9 and 1.

If the number you're calling ends with a letter—J, M, R or W—dial that letter immediately after you have dialed the numbers. If you make a mistake, if your finger slips, or if you strike the receiver hook while dialing, hand up a moment, then start again.

Wait for the Ringing or Busy Signal

If you do not hear either the ringing or busy signal, hang up for a few seconds, then dial the number again. If you still hear no signal, dial "Operator" and report your difficulty to her.

To Call the Operator

Operators are always on duty, ready to help you. If you need help, place your finger in the opening on the dial marked "Operator," after first listening for the dial tone, turn the dial all the way around, then let go.

Using a Party Line

On a party line, first *listen* to be sure someone else is not using the line. If you hear no dial tone, nor any other sound, ask if the line is being held. If there's no answer, hang up and try again in a few seconds.

If you hear a series of clicks *before* you start to dial, someone else on the line is dialing. Tell the other person that you've interrupted, then hang up and give him a chance to make his call.

If you hear the clicks while *you* are dialing, ask the other person to hang up. Then hang up your own receiver for a second before you try again.

To Call Another Person on Your Line

To call another person *on the same line with you*, refer to the party line card sent you. This card lists the other parties on your line and tells you how to call them. If you've mislaid your party line card, dial "Operator," give her the number listed in the telephone directory, *and tell her it's another party on your line*.

To Dial from a Pay Station

Lift the receiver, deposit a coin, and listen for the dial tone. Then dial the number you want. If you need assistance or want to make a toll call, dial "Operator." In any case, the coin must be deposited first. If your call isn't completed, or it's a call to Operator, Information, Repair Service or the Telephone Company, your coin will be returned after you hang up. On a toll call, your coin will first be returned, then the operator will ask you to deposit the correct amount for the call.

How to Make Out-of-Town Calls

OUT-OF-TOWN CALLS are almost as easy to make as local calls. Their cost is low, most of them are put through while you hold the line, and you can hear clearly regardless of distance.

Two Kinds of Out-of-Town Calls

It's a Station-to-Station call when you want to reach a certain telephone *number* and are willing to talk with *anyone* who answers. It's a Person-to-Person call when you want to reach a certain *person* or extension at a private switchboard, and you don't want to talk with anyone else.

Station-to-Station calls are faster and cost less.

To Make a Station-to-Station Call

Just call or dial the operator. When the operator answers, tell her the city and the telephone number you want to reach—for example, "I want Cleveland, Ohio—Eddy-6267." That's all you need to do.

If you don't know the number of the out-of-town telephone, dial "Operator" (from dial telephone) or ask for "Long Distance" (from manual telephone). Give her the name and address of the telephone which you wish to reach and *state that you are willing to talk with any one who answers.*

To Make a Person-to-Person Call

If you have a dial telephone, just dial "Operator." Otherwise ask for "Long Distance."

Give the name of the person you want to

reach, the city and street address or telephone number.

For example, "I want to talk with John Q. Smith, 2246 Main Street, Cleveland, Ohio," or "I want to talk with John Q. Smith, Cleveland, Ohio—Eddy-6267."

Appointment and Messenger Calls

A Person-to-Person call may be made "by appointment." The operator will arrange in advance so that the person you want to reach will be at the telephone when you call, although the Company cannot guarantee that the call will go through at the exact time you specify.

On a Person-to-Person call, a messenger will be sent to reach the person you want, if he has no telephone. The charge made by the messenger is added to the charge for the call.

Calls to Ships, U. S. Possessions and Foreign Countries

You can telephone to Canada, Newfoundland, Bermuda, Cuba and Mexico; to Alaska (certain cities only), Canal Zone, Hawaii, the Philippines and Puerto Rico; to Great Britain and most of the countries of Europe; to many points in Africa, Asia, Australia, Central and South America and to many islands. Calls may also be made to and from certain ships on the high seas and in coastal waters.

To place a call or to obtain rates and specific information call Long Distance (dial operator).

Charges for Out-of-Town Calls

Station-to-Station Calls

On a Station-to-Station call, charges begin when the called *telephone* is answered. If the rate is 25 cents or less, you may talk for five minutes before overtime charges begin. If the rate is more than 25 cents, overtime is charged after the first three minutes.

Person-to-Person Calls

Charges do not begin until the called *person* answers. On all Person-to-Person calls overtime charges begin after the first three minutes. (Also see next paragraph).

Report Charge

On a Person-to-Person call, if the telephone you are calling is reached, but the *person* you want is not available, a small "Report Charge" will be made. This partially compensates the Company for the work done trying to reach the proper person. No Report Charge is made if the line is busy or out of order, or if there is no answer.

Low Night and Sunday Rates

On both station-to-station and person-to-person calls within the United States and to points in Canada, Cuba and Alaska you "Save after Seven" and on Sundays. Rates are reduced between 7 p. m. and 4:30 a. m. week days, and all day Sundays, wherever the station-to-station day rate is more than 35 cents and the person-to-person day rate more than 50 cents. See the table on page

5. Charges on calls to Europe are reduced all day Sundays, and on week days after 5 p. m. (until 5 a. m.). On calls to Central and South America and to several of the island groups rates are reduced on Sundays only.

Operator Will Quote Charges

If you want to be told the charges on your call, ask the operator *when you give her the call*. After you have hung up, she will call and tell you the total cost including tax. Or if you want to be notified when the three or five-minute talking period is up, ask the operator *when you give her the call*.

Charges Reversed (Collect Calls)

Charges can be "reversed" on calls within the U. S. and to Canada, Cuba, Hawaii and Puerto Rico, if someone at the distant telephone agrees to pay the charge. If the person at the other end won't accept the charges and the call is not completed, you will be billed a small Report Charge.

If you want the charges reversed tell the operator *when you give her the call*. "Collect calls" cost no more, except for those Station-to-Station collect calls where the regular rate is 20 cents or less. Where the regular Station-to-Station rate is 20 cents, a special collect rate of 25 cents (for five minutes and 5 cents for each additional minute) applies; where the regular Station-to-Station rate is 5, 10 or 15 cents, the Person-to-Person rate applies.
